

RWCO NEWSLETTER (MAY 2024)

RWCO's President's Message

Why are our so called most elite universities collapsing under the pressure of Hamas Supporters? It appears that foreign money and politics are severely jading the decisions of the universities administration. These universities are indoctrinating our kids. Parents and donors need to stand up. Withdraw your money, pull your student out of these Marxists, weak and cowardly universities. The Professors are backing the Socialist Communists.

Some of the violent acts cited include punching, shoving, and spitting on Jewish students, in addition to blocking them from attending classes, moving freely around campus, and being verbally harassed, the filing states.

The student argues that protesters have chanted "Death to the Jews" and "Love live Hamas". In a photo included in the filing, a student is seen holding up a sign reading "Al-Qasam's next target" in front of students flying the Israeli flag.

On Monday, students on campus passed a 2pm ET deadline for removing the current encampment. Around 80 tents and dozens of protestors were on the encampment around that time. University officials previously stated that if students remained on the encampment after the deadline, they'd begin issuing suspensions.

After the deadline passed, Columbia announced that it had started suspending students.

Governor DeSantis says if they put up tents on one of their universities they will be suspended for three years. Thank your Governor DeSantis for standing up with courage.

Some demonstrators have called for terrorist attacks against the US. State troopers have been called in to remove them in Texas. It is shameful to see these spoiled rotten brats fight a police officer. New York, California, and DC universities run by Democrats will do nothing. Florida and Texas are stopping these students. Good government comes from Christian Conservative Republican Leadership.
